The intensified Marine recruit training emphasizes rigid physical conditioning and survival techniques, both at sea and ashore, to develop self-confidence and endurance. Marksmanship with the M-14 rifle and 45-caliber pistol are equally stressed, and close order drill instills the traditions of Marine Corps teamwork.

## DST Bill Still Blocked In The State Senate

By DREW VON BERGEN

FRANKFORT, Ky., SP — The highly controversial daylight saving-time exemption bill today was blocked again in the Senate State Government Committee after an effort was made to bring it out for a floor vote.

Committee chairman Wilson Palmer, D-Cynthiana, said only four

of the group's nine members favored voting it out of committee. He did not say how many opposed bringing it to the floor, or who abstained.

Palmer, a proponent of the House-passed bill, suggested further efforts would be made in committee before an attempt on the Senate floor to take the bill away from committee.

"We're going to try to get it out," Palmer said.

Palmer said the committee also discussed a resolution by Senate Majority Leader Richard L. Frymire, D-Madisonville, which would ask the federal government to put all of Kentucky in the same time zone.

"We should go ahead and exempt ourselves, then work on it," Palmer said.

The House bill would exempt Kentucky from the federal Uniform Time Act, while virtually all the rest of the nation goes on daylight saving time in April.

House Speaker Julian Carroll, D-West Paducah, late Monday released the text of correspondence with the U.S. Department of Transportation, which he said opened a "new avenue" in considering the bill.

In the letter, John E. Robson, general counsel for the department which administers the Uniform Time Act, said Kentucky could approve an exemption law with the provision that it would be void should the department change the time zone boundary in Kentucky.

The line currently splits the state between the eastern and central time zones.

Carroll also assured Carroll that the department would honor a petition for such a boundary change, even if it carried a provision that the petition could be withdrawn if the department proposed a new line not conforming with that of the petition.

The House exemption bill has been blocked in Senate committee and has never come to the floor for a vote in the upper chamber.

The Senate Monday passed 29-9 and sent to the House a bill to prohibit the sale and installation of unvented gas-fired room heaters.

The bill's sponsor, Sen. Scott Miller, R-Louisville, stressed the danger of unvented heaters, especially in tenement dwellings in the state's larger cities.

## Four Will Have Work On Exhibit

Four Murray High School art students, Linda Darnell, Gene Brandon, Steve Sharp, and Steve Smith, have their work exhibited in the lobby of the Bank of Murray this week.

The bank is sponsoring the showing of the art work by the students of the three high schools, Murray, Calloway, and University School.

Mrs. Betty Scott, art teacher of Murray High School, said the following information concerning the students and their work:

Linda Darnell, senior, daughter of Mr. and Mrs. Ralph Darnell, painted the Japanese girl using acrylics. Linda did some research on Japanese artists and styles of painting. She plans to major in voice and piano in college and is frequently asked to appear as guest soloist in church and many organizations in Murray.

Gene Brandon, sophomore, son of Mr. and Mrs. John Brandon, painted this coat of arms from a very small picture. It is painted with acrylics, enamel, and oils. Gene's hobby is model airplanes, drawing and painting. At present he is mastering the potter's wheel.

Steve Sharp, senior, son of Mr. and Mrs. W. H. Sharp, warped the Irish Loom and turned out two of these belts. They may be used as belts, guitar straps, ties and hair bands. Steve plays trumpet with a group known as The Buccaneers. He plans to major in business in college.

Steve Smith, senior, son of Mr. and Mrs. James H. Smith, used acrylics to paint this Dali-like creation. This is sort of an accumulation of a study of several methods of modern painters.

We are sorry about yesterday folks. Our press broke down and although efforts were underway to correct the difficulty, it was not until late that it was obvious that the Ledger and Times had to be printed elsewhere.

The forms were taken to Fulton where the Fulton Daily-Leader printed the paper and as all our subscribers well know, it was late when the papers were brought back to Murray.

We take this opportunity to thank all of our twenty three newspaper carriers. These young business men, although hampered by the late hour, darkness and missed basketball games, moved out after 7:00 o'clock last night to deliver the Ledger and Times.

All the employees of the Ledger and Times pitched in to do what had to be done to get the paper out, even though it was late. It is difficult enough when things go well all the time, but inner resources are called upon when things go wrong and all our co-workers and newspaper carriers did just this.

Bedtime came up mighty fast last night for folks here at the Ledger and Times. We appreciate the patience of our subscribers.

The picture above gives some idea as to how the new Ben Franklin Store will appear after it is completed. The store will utilize the sites occupied by Douglas Hardware, Barnes, Harnes Shop, Frazer, Melugin and Holton Insurance Company and the Capitol Theatre with a frontage on Main Street of 90 feet. Everett Jones, owner, said today that the new store will appear somewhat like the picture above, however the new store will not have a snack bar as indicated above.

## The Almanac

by United Press International  
Today is Tuesday, Feb. 20, the 51st day of 1968 with 315 to follow.

The moon is in its last quarter. The morning star is Venus. The evening stars are Mars, Saturn and Jupiter.

On this day in history:

In 1839, the Supreme Court ruled that the power of the federal government was no greater than that of any individual state.

In 1872, the Metropolitan Museum of Art in New York City was opened to the public for the first time.

In 1938, Anthony Eden resigned as British Foreign Secretary to protest the "appeasement" policy of Prime Minister Neville Chamberlain toward Nazi Germany.

In 1962, American astronaut John Glenn landed safely after three orbits of earth.

A thought for the day: American novelist Hermann Hagedorn said, "Down the fair-chambered corridor of years, the quiet shutting, one by one of doors."

Adolph Rupp's Wildcats, mired in the second half of the top 10 for several weeks, made the biggest move by any member of the select group this week, vaulting three places to fifth. Kentucky bested out surprising Columbia, which jumped a notch to sixth, by just seven points in the balloting based on games played through Feb. 17.

North Carolina remained in third place, far behind the two leaders and unbeaten St. Bonaventure held onto fourth.

Rounding out the first 10 behind Columbia were New Mexico, which dropped two places, Vanderbilt, Duke, and Louisville, which returned to the select circle after an eight week absence.

Tennessee, after two losses in as many games last week, slid all the way from sixth to 11th; Kansas, unranked a week ago, was rated 12th. New Mexico fell one spot to 13th, and Princeton took over sole possession of 14th place.

Utah and Marquette returned to the top 20, tying for 18th. Davidson leaped three places to 17th. Army fell four spots to 18th. Wyoming slipped slightly to 19th, and Southern California made its first appearance in the ratings this season, ranking 20th.

The NCAA could extend as many as 11 at-large independent invitations if it chooses to fill its tournament bracket to the 24-team limit. The last time 25 teams competed in the playoffs was 1964. Only 25 teams made up last year's championship tourney.

## Houston Holds To No. 1; Cats 11th In Nation

By SANDY FRISANT

UPI Sports Writer

NEW YORK (UPI) — Unbeaten Houston was named the No. 1 team in college basketball for the fifth straight week today by the nation's coaches who also boosted suddenly-hot Kentucky all the way up to fifth in the 12th weekly ratings.

Hanging onto its slim lead over UCLA, Houston received 28 first-place votes and 340 points while UCLA was named to the spot on 10 ballots and amassed 324 points to trail the Cougars by only 18 in the voting by United Press International's 25-member Board of Coaches.

Adolph Rupp's Wildcats, mired in the second half of the top 10 for several weeks, made the biggest move by any member of the select group this week, vaulting three places to fifth. Kentucky bested out surprising Columbia, which jumped a notch to sixth, by just seven points in the balloting based on games played through Feb. 17.

North Carolina remained in third place, far behind the two leaders and unbeaten St. Bonaventure held onto fourth.

Rounding out the first 10 behind Columbia were New Mexico, which dropped two places, Vanderbilt, Duke, and Louisville, which returned to the select circle after an eight week absence.

Tennessee, after two losses in as many games last week, slid all the way from sixth to 11th; Kansas, unranked a week ago, was rated 12th. New Mexico fell one spot to 13th, and Princeton took over sole possession of 14th place.

Utah and Marquette returned to the top 20, tying for 18th. Davidson leaped three places to 17th. Army fell four spots to 18th. Wyoming slipped slightly to 19th, and Southern California made its first appearance in the ratings this season, ranking 20th.

## Wildcats Tounce Bulldogs 106-87 To Move On For Crown

ATHENS, Ga. (UPI) — The past 24 hours have been good to the University of Kentucky Wildcats. In their brief span, the Cats took a giant step toward their 23rd Southeastern Conference championship by rearing from behind to devastate Georgia 106-87 Monday night.

Kentucky, going into the game ranked eighth, this morning was established as the No. 5 in the UPI Board of Coaches poll.

Paced by sophomore Dan Issel, UK came storming back from a nine-point deficit with their fast-break to move ever closer to a shot at an unprecedented fifth NCAA championship.

Georgia, ahead 53-40 at the half, held the lead until seven minutes into the second half when the 6-8 Issel, who wound up with 31 points, hit a jumper to put the Cats in front for keeps.

Kentucky, now 123 in the SEC, maintained its 14-game lead over Vanderbilt, which defeated Alabama 89-74 Monday night.

The Wildcats have all three remaining games home, including one with Vanderbilt, a club they beat earlier in the season at Nashville.

Kentucky was deadly from the floor and made 61.3 per cent of its shots.

Georgia sophomore Bob Leinhardt was high scorer in the game, however, with 32 points. UK, 18-4 on the season, had five starters in double figures, with Steve Cleaver and sophomore Mike Casey notching 18 and 18 points respectively.

Senior Jim Youngblood added 25 points for Georgia, which is now 8-7 in the conference and 14-3 on the season.

Kentucky's next game will be Saturday at Lexington when they entertain Alabama.

## Dick Cunningham Stars Last Night By Getting 32 Rebounds, Scoring 18 For MSU Win

Big Dick Cunningham hauled down 32 rebounds and fired in 18 points Monday night to help Murray State keep its one-game lead in the Ohio Valley Conference, as the

Racers downed visiting Tennessee Tech 81-67.

The win ran Murray's OVC lead to 10-3, compared with East Tennessee's 8-3 log. East Tennessee moved space by knocking off last-place Austin Peay 80-73 Monday night at Clarksville.

Tennessee Tech led 46-42 at the end of the half, but Billy Chumler cashed in a free throw with 16:48 left to tie the score, then the Racers went ahead to stay on a layup by Dick Cunningham.

Claude Virden, 6-6 sophomore, cashed in eight of 16 field goal attempts and added seven of seven free throws for 23 points, to take scoring honors for the game.

He also pulled in 12 rebounds. Following Cunningham's 18 points was Billy Chumler with 13 points, and Tom Moran with 12 points.

The Racers hit 26 of 71 from the field for 40.8 per cent and hit 23 of 31 free throw attempts for 74.3 per cent.

Tech hit 28 of 73 from the field for 38.3 per cent, and hit 23 of 31 from the line for 63.2 per cent.

Morehead's flickering title aspirations were doused at Murfreesboro, when Middle Tennessee dipped the Eagles 52-38 Monday night.

The loss gave Morehead a 6-5 record.

### Douglas Home Scene Of Alice Waters Circle Meeting

Mrs. Robert Douglas was hostess to the February meeting of the Alice Waters Circle of the Woman's Society of Christian Service of the First Methodist Church.

Mrs. Don Robinson, chairman, presided, and Mrs. Richard Tuck, spiritual life leader, gave the devotion from the Prayer Calendar of the Woman's Society of Christian Service.

Mrs. Charles Baker, vice chairman and program leader of the circle presented the program. The basis of her discussion was "The Church, The Arts and Identity." She used the sub-title under this heading "Contemporary Literature."

Mrs. Baker opened her discussion with a prayer poem "I Thank You God for most this Amazing," written by E. E. Cummings, a twentieth century American.

Mrs. Baker, a talented reader, read and discussed a number of selections of poetry and prose to help the members study the question of identity followed by the modern writer is not self-indulgent but an attempt to explore his space and place in the world and to know the meaningful identity is found only in relationship to others, the world, and God.

Mrs. Robinson introduced two new members, Mrs. John Fortin and Mrs. William Moffett, and two guests Mrs. Gladys Clark, general president of the Woman's Society of Christian Service, and Mrs. Joel Knight.

During the social hour refreshments were served by the hostess.

The guests were served white cakes frosted in white with a red rose, red mints and red cranberry punch. ## St. Valentine's Day— for Mom or Wife?

By Abigail Van-Buren

**DEAR ABBY:** The day before Valentine's day my husband said, "Gee Honey, I just don't know what to do about getting you anything for Valentine's day because I don't have enough money to buy my mother anything." I was dumfounded and said, "Well, don't worry about buying your mother anything except maybe a card, as Valentine's day is for wives and sweethearts."

He got mad and said that wasn't true. It was for mothers and anyone else you loved.

I tried to explain that if he wanted to buy his mother something for Valentine's day it was perfectly all right, but since he had a money problem and had to make a choice, he shouldn't feel guilty about buying ME a gift, and giving his mother a card. Am I wrong? Please settle this in your own words. Who comes first on Valentine's day, the wife or the mother?

**DEAR WIFE:** St. Valentine's day is primarily for one's ROMANTIC interest. I can help you win the argument, but if MOTHER comes to your husband's mind on Valentine's day, you'll never win the battle.

**DEAR ABBY:** My complaint is about a school dentist who, while checking children's teeth in the classroom, made an issue of the color of my daughter's teeth. In fact, he made an "example" of her and told her right in front of everyone that her teeth wouldn't be so "yellow" if she did a better job of brushing them.

Abby, she was so hurt. She brushes her teeth religiously twice a day and has gone to our dentist every six months for a cleaning and check-up since she was four. The reason her teeth aren't as

white as some is because of hereditary factors (mine are yellowish, too). But they are every well-cared for.

Now my daughter hates to open her mouth. I am furious with that dentist. Thanks for letting me unload. I feel better.

**M. V.**  
**DEAR M. V.:** Someone ought to tell that dentist to pay more attention to his own mouth, and to keep his foot out of it.

**DEAR ABBY:** That woman signed "IRRITATED" who criticized her mother-in-law for cleaning her house every time she came over to baby-sit sure burned me up. To "IRRITATED" I have this to say:

You know that whatever the old lady did, you wouldn't like. And by the way, how much did you pay your mother-in-law for sitting? And do you ever call her unless you want her or something?

You should be grateful to have a mature and responsible person who truly loves your children to be with them when you aren't there.

**EXPERIENCED**  
**CONFIDENTIAL TO "BEAT UP REGULARLY."** Any woman who is "beat up regularly" must like it. It's "beat up" and you shouldn't have to like it. It's black and blue to believe it.

### Holiday Inn Has Largest Computer Controlled System

When the Holiday Inn of Murray became part of the \$10 million Holiday reservation system, the world's largest computer-controlled communications network, the inn became a "nerve center" for instant communications throughout North

America, announced Verna Lancaster, innkeeper.

The inn now utilizes IBM's new System 360 computers to offer guests free advance reservations in less than 60 seconds at any of the inns in the international system, she continued.

Holiday Inns of America, Inc., was the first company in the travel industry to convert its communications network to these new computers, Mrs. Lancaster said.

When the Holiday network went into operation, we had 500 inns with 63,000 rooms in 44 states. Today we have more than 900 inns with 118,000 rooms in 48 states, Canada, Puerto Rico, and the Bahamas. A new inn opens every 67 hours.

"In addition, we are constantly finding new ways to use the computers. The Holiday network helps us locate a guest in case of an emergency, and is used for broadcast messages from the HIA home office in Memphis, Tenn. This guest's name, and lets the Holiday computer do the rest.

To reserve rooms, the innkeeper simply pushes a few buttons on the Holiday terminal, enters the guest's name, and lets the Holiday computer do the rest.

With the new computers, our desk clerks can determine room availability at any other inn in 15 seconds or less. "More than 200,000 miles of communications lines serve this inn," she continued.

If an inn cannot provide the room requested, the Holiday computer notifies the sender of the type of room available. In addition, it advises the room status at three nearby Holiday Inns. "Then we invite the guests to take his choice," Mrs. Lancaster said.

The time-saving feature of the Holiday system is the fact that an inn need not be contacted each time to see what accommodations are available," he continued. The room status at each inn is "stored" in the computer's "memory". The innkeeper can change the status whenever rooms become available.

The first Holiday Inn was built in Memphis by Kemmons Wilson in 1952. Over 100 new inns are now under construction, including the first locations in Morocco and the Netherlands.
